

BUDGET WORKSHOP #1
First Draft of the 2019-2020 Budget

Revenue Assumptions
Central Services
Debt Services
Transportation
Employee Benefits

FEBRUARY 27, 2019, 7:00 P.M.

OVERVIEW

- ▶ Introduction
 - ▶ Reviewing the Data
 - ▶ Historical Voter Response
 - ▶ Three Year Budgeting
 - ▶ Voter and Tax Trends
 - ▶ K-8 Enrollment Figures, 2018/2019 Actual vs. 2019/2020 Proposed
 - ▶ High School Enrollment Projections
 - ▶ Revenue Budget, Approved Budget vs. 2019/2020 Proposed
 - ▶ Expenditure Budget, Approved Budget vs. 2019/2020 Proposed
 - ▶ Future Dates
 - ▶ Propositions
 - ▶ BOE Candidates
- 

What is a Budget?

A multi-year plan

A reasonably detailed **estimate** of revenues **and** expenditures

It establishes the **tax levy**, not the **tax rate**

Subject to future update

It is a working document

What isn't a Budget?

A list of every specific item to be purchased, service to be provided, and exact salary to be paid in the upcoming school year

A guarantee of actual financial results

A fixed and unchangeable document

An annual independent plan

Board and the Budget

Board adopts the budget that the administration creates

Board creates the core mission as opposed to everything for everybody

Board guides the administration on the core mission of the District and the administration develops a budget that reflects that mission

Voter Response

Average Yes Vote Percentage	Average # of Yes Votes	Average # of No Votes	Average Total Votes	Time Span
63.82%	420	262	681	Twenty-Two Years
64.00%	424	265	687	Twenty Years

High School Enrollment Projections

- **2019-2020** - 379 Students
- **2020-2021** - 374 Students
- **2021-2022** - 362 Students
- **2022-2023** - 345 Students

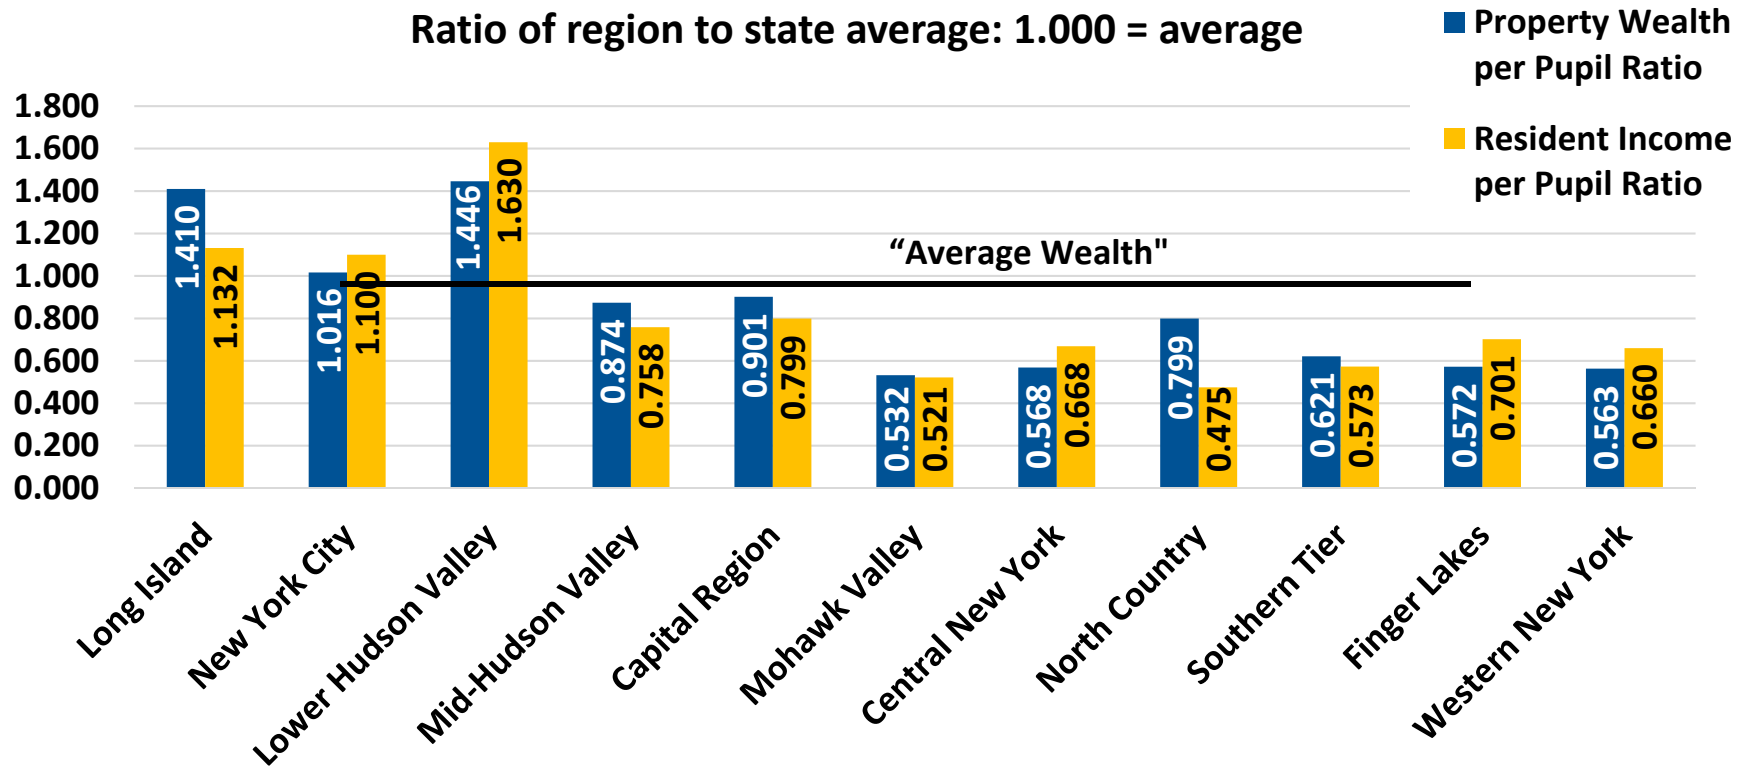

The State Aid Budget

How regions compare

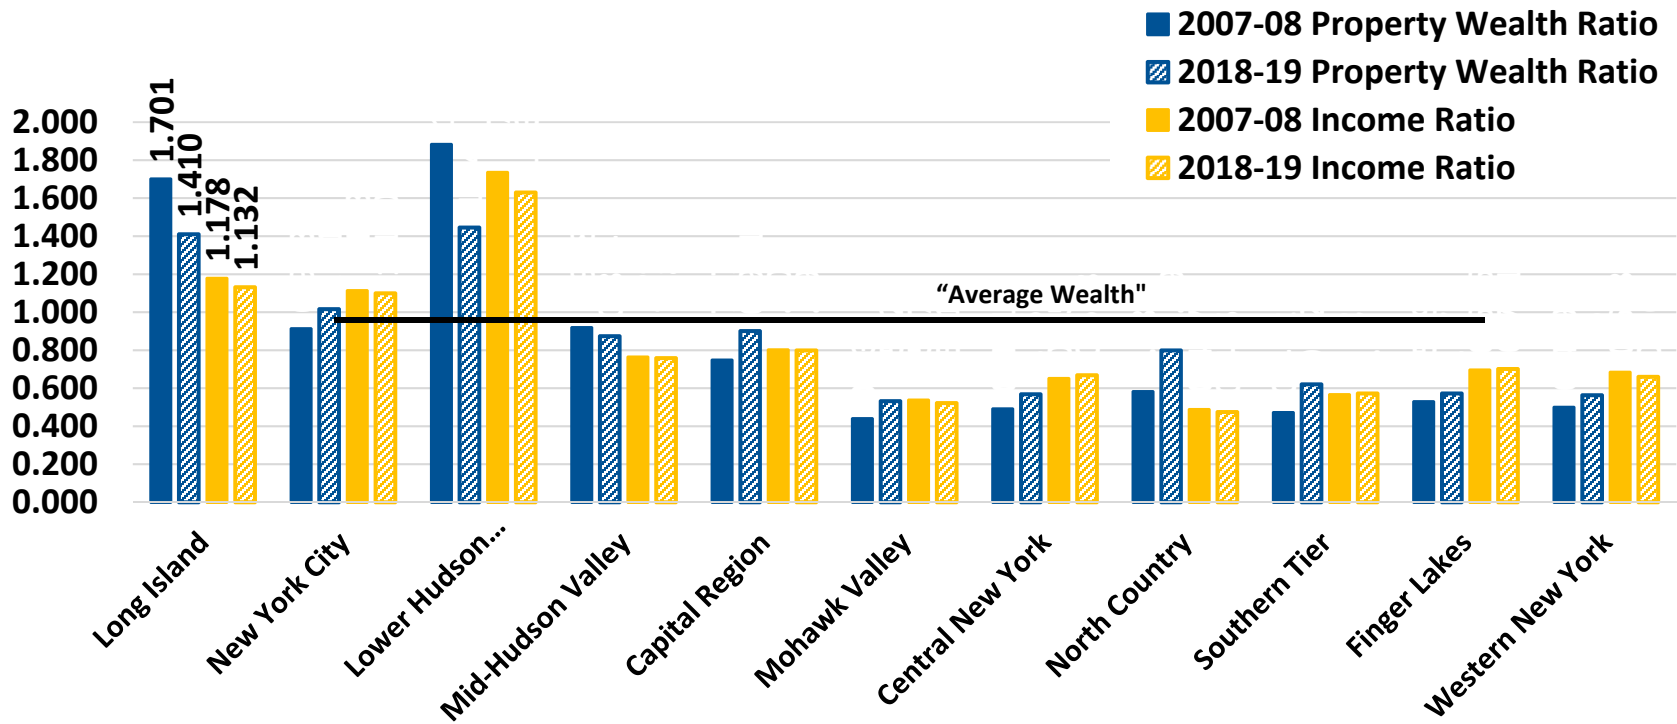

Property wealth and resident income

SOURCE: Council analysis of NYSED School Aid data

Changes over time

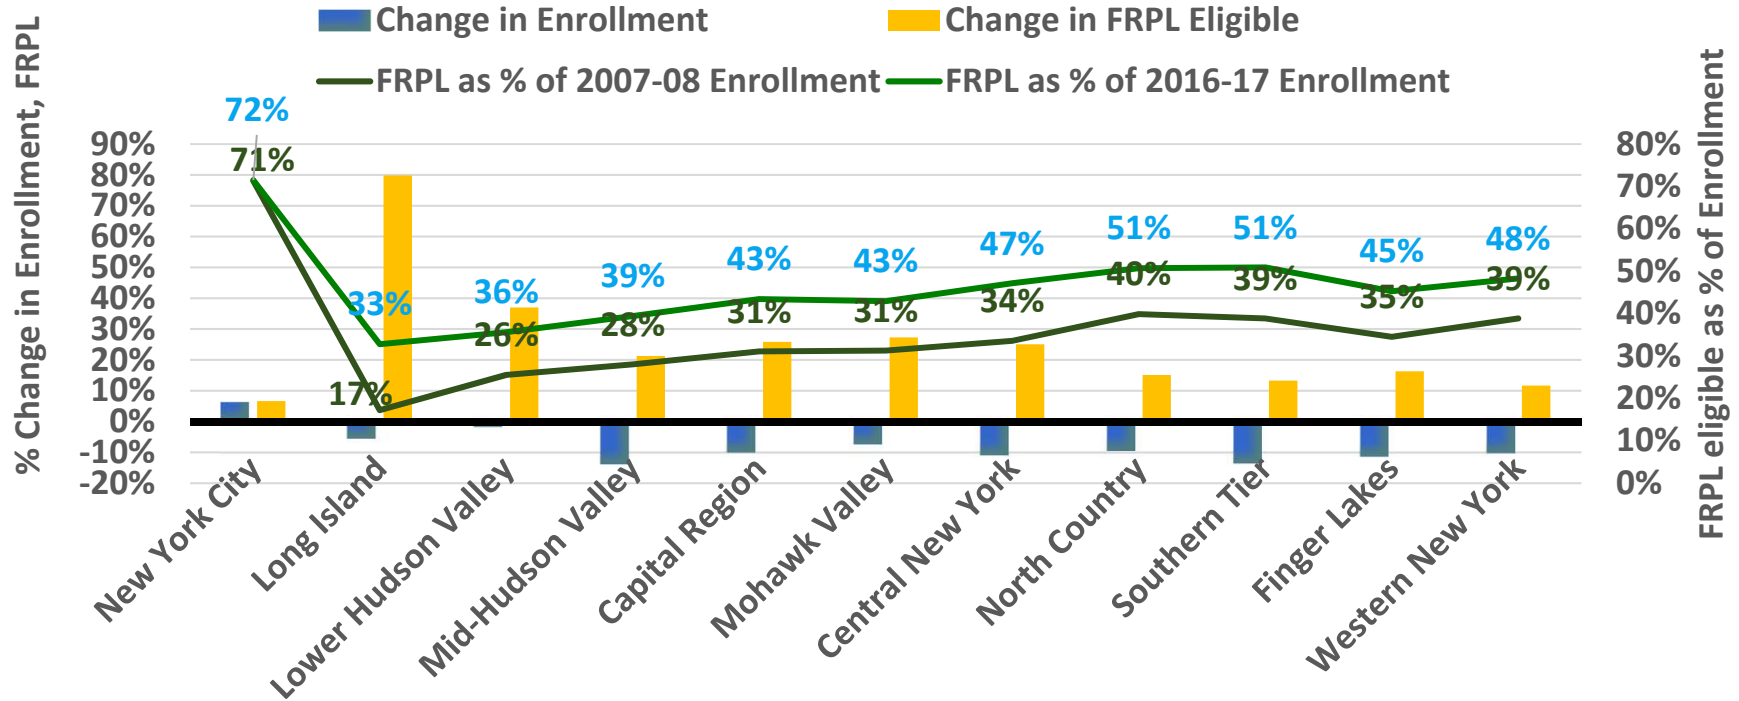

Comparison of wealth ratios

SOURCE: Council analysis of NYSED School Aid data

Declining enrollment but increasing student needs

Change in Enrollment and Student Poverty, 2007-08 to 2016-17

SOURCE: Council analysis of NYS Kids Well-Being Indicator Clearinghouse data.

The Big Picture — Funding

\$956 million increase in “School Aid” – exactly matches projection in Budget Division’s mid-year financial plan update (November 2018)

- Includes \$749 million (2.8%) increase in formula aids appearing on runs
 - Foundation Aid: \$338 million (1.9%) increase
 - Expense-based and Other Aids: \$410 million (4.8%) increase
- \$157 million “Fiscal Stabilization Fund” – to be allocated in final budget
- \$50 million for categorical programs

New tier of Building Aid for projects locally approved on or after 7/1/2019

For 2020-21 aid – consolidate 11 formulas into **“Services Aid”**

Districts would be required to increase funding for “underfunded high-need schools”

Changes to **STAR program**

Make **property tax cap permanent**

“Categorical Aids”

Starting with aid for 2020-21, the **11 categories of aid** below would be **consolidated and replaced by “Services Aid”**

Districts would receive as Services Aid the sum of what they received in 2019-20 through the 11 formulas *times* the sum of the change in the Consumer Price Index over the prior calendar year plus their change in Resident Weighted Average Daily Attendance between 2017-18 and 2018-19 (sum would not be less than 1.000).

Aids to be consolidated into Services Aid:	
Transportation Aid	Charter School Transition Aid
BOCES Aid	Hardware and Technology Aid
Special Services Aid	Academic Enhancement Aid
High Tax Aid	Library Materials Aid
Textbook Aid	Supplemental Public Excess Cost Aid
Computer Software Aid	

Services Aid — Impact

Hypothetically, if the Services Aid proposal were to go in place for 2019-20 aid, the CPI factor would be 1.024 (2.4%)

Impact:

Statewide	Number	Amount
Lose	467	(108,922,751)
Gain	207	96,524,836

Long Island	Number	Amount
Lose	83	(21,286,851)
Gain	38	11,925,721

With a lower CPI factor, more districts would lose more:

- In 2016-17 (when the CPI increase was only 0.12%), 519 districts statewide would have lost \$133 million, 155 districts would have gained \$49 million
- Only 70 districts statewide would have done better in both years

Building Aid

For projects receiving local approval on or after July 1, 2019:

The minimum aid ratio would be reduced from 10% to 5%

Calculation of the incidental cost allowance would be changed

The 10% Building Aid incentive would be replaced with a wealth-adjusted calculation

The use of the selected aid ratio would be ended

Building Aid for 2019-20 is projected to increase by 9.3%,

but

The cost of Building Aid for **2018-19** is down \$165 million (5.3%) from last January's estimate.

The Property Tax Cap and STAR

The Governor proposes to **make the property tax cap permanent**, without any changes

- The Senate passed a bill on Wednesday to make the cap permanent, but appears open to changes; the Assembly majority would prefer that changes be included

On STAR:

- The Governor proposes to cap STAR property tax exemptions at zero percent while allowing the value of STAR income tax credits to grow by up to 2 percent per year
 - Current STAR beneficiaries would be permitted to switch from the exemption to the credit
 - The Governor would also reduce the income eligibility limit for the Basic STAR exemption program from \$500,000 to \$250,000 while maintaining the higher limit for the credit program
- 

Revenue Budget Figures- Approved Budget vs. 2019/2020 Proposed - Revenue
