What is a Budget?

A multi-year plan

A reasonably detailed **estimate** of revenues **and** expenditures

It establishes the **tax levy**, not the **tax rate**

Subject to future update

It is a working document

What isn't a Budget?

A list of every specific item to be purchased, service to be provided, and exact salary to be paid in the upcoming school year

A guarantee of actual financial results

A fixed and unchangeable document

An annual independent plan

Board and the Budget

Board adopts the budget that the administration creates

Board creates the core mission as opposed to everything for everybody

Board guides the administration on the core mission of the District and the administration develops a budget that reflects that mission

Tax Rate Information

If there is a Contingent Budget I would most likely recommend the following reductions:

- **4 (Four) Teaching Positions**
 - Additional Section in Grade 1
 - FLES/LOTE
 - Part Time Librarian, Elementary Computers, administrative positions in K-8 program
 - Middle School Social Studies or Science Position
 - Reductions in supplies
 - Reductions in computer equipment
 - Other non-instructional supplies
 - High School Late Bus
 - Other Reductions as needed to balance the budget

The State Budget Outlook!

State Budget Outlook: “Volatile and Uncertain”

Budget Division Mid-Year Update (November 2017) projected a \$4.4 billion structural deficit for 2018-19 – equivalent to about 4.3% of projected expenditures (corresponding projection for one year ago: 2.7%).

The State Comptroller projected 2018-19 tax receipts to be \$3.3 billion *less* than the Budget Division.

Executive Budget (January 2018) increased 2017-18 tax receipts estimate by \$1.9 billion, lowered 2018-19 estimate by same amount.

Projections do **not** incorporate assumptions about impact of federal tax legislation **or** possible federal (in)action on health funding.

State derives 42% of its Personal Income Tax revenue from 1% of its taxpayers; ~ 250 taxpayers leaving could cost the state \$500 million.

New Federal Tax Legislation

Capping Expense-Based Aids — starting with 2019-20 Aid

Increases in Transportation and BOCES Aid would be capped at 2% for each district – districts would lose any increase over 2 percent.

- In effect, districts would receive the lesser of calculated aid or 2017-18 aid plus 2%.

Increases in Building Aid would be capped at 2% statewide, excluding New York City (initially).

- If the statewide total increase in Building Aid exceeds 2%, each district would have its Building Aid pro-rated down.
- New York City would be exempt from this adjustment for projects approved prior to 7/1/2018.

Summer Special Education Cost Shift

Estimated impact of \$70 million for schools in 2018-19

Using PISA to measure Student Achievement

Adjusting for Poverty

U.S. schools w/ 0-10% poverty scored a combined 551, best in the world (Finland was 2nd@ 536)

U.S. schools w/ 10-24.9% poverty scored 527, top in the world for similar profiles (Canada was 2nd@ 524 and 4th overall)

U.S. scores did not start to drop significantly until poverty got over 25%
